

Stephen will use his versatility with the camera to capture a series of different moods and poses, at your own home, the beach, gardens, or any suitable location within the city limits.

The photography sitting may include individuals, couples, family groups or any combination of these.

Emphasis is on simplicity and elegance.... to create natural looking, reasonably priced images to enhance your memories, which you will treasure for years.

The original images are processed as preview photographs, ready for collection approximately one week after the photography sitting.

All reorders are available as real photos or digital files. Please refer to our separate photograph price list.

black & white or colour

Stephen records all the images in colour, but by using some of the latest technology available, converting the colour images to black and white is a relatively uncomplicated task.

A small conversion fee may be applicable.

clothing, make up & hairstyle guide

Avoid clothing with bright colours & bold patterns as these tend to draw the viewer's eye away from the person. Simple designs work well as do lighter colours work and pastel shades are even more flattering. Colour coordination of the clothing within a family group will tend to help create successful pictures. Avoid makeup that is too 'heavy', a light 'day' makeup usually works best. Men, it is a good idea to shave shortly before the photography session, as this will help to remove a 'five o'clock shadow'. Brand new hairstyles often result in disappointing portrait results. It is better to use a 'tried and tested hairstyle'. Men, avoid having your hair cut the day of the session, as the hair ends tend to stick out.

N.B. Ownership of the image files and original Copyright License will remain with Stephen Jones Photography.

The sitting fee is to be paid prior to, or at the photography session.

All prices include G.S.T.

Prices Valid as at 1 April 2020

It is wise to discuss your full requirements, arrangements, and the style of photography to be used on your Portrait with Stephen well before the photography session.
